## PURE FOOD LAW

### Its Operation and Effect on the Wine Business.

Light Thrown on the Measure. Imitation Wines Must be so Labeled

In response to many inquiries on the subject, the Expositor reprints the following from the American Wine Press, which gives a brief explanation of the two sections in the Pure Food Bill on the alteration and misbranding of wines and liquors.

#### ADULTERATION

Wines and liquors are adulterated (1) if they contain any substance reducing or lowering their quality; (2) if any substance has been substituted wholly or in part for the article; (3) if any valuable constituent has been abstracted wholly or in part; (4) if mixed, colored, or stained to conceal damage or inferiority; and (5) if any ingredients poisonous or deleterious to health have been added.

#### AS TO WINES

Certain provisions in the Pure Food law on the adulteration of wines are as plain as the English language can make them. Thus, the so-called "pomace" or "pre wines" are adulterated—that is, a valuable constituent of the wine has been abstracted and replaced by something else.

Gallized or "stretched wines," come under the head of articles deemed adulterated.

All the wines "compounded" are of course, adulterated.

Brandy which is not the distillate of wine is adulterated. Brandy is also adulterated if it is mixed with grain spirit, or if that or other spirit has been used as a "basis."

#### MISBRANDING

Section 8 of the Pure Food law is quite plain about "misbranding" of wines and liquors.

In the first place, a barrel, a package, or a bottle of wine or brandy or whiskey is misbranded, if any statement, design, or device is false and misleading in any particular.

Thus, a bottle of New York or California wine with a foreign label or pretending to be of foreign origin is plainly misbranded.

The makers of "Carbonated Champagne" will have to change their present labels, etc. Those who call the so-called champagne by French names and purport it to be a foreign product will be guilty of misbranding.

A barrel or package of wine or whiskey must be correctly branded as to its age, etc.

Labels on bottles of wine or whiskey which makes false and misleading assertions about the wine or whiskey are misbranded. Thus, a wine or whiskey held out as a specific or remedy for certain diseases or complaints is misbranded, unless the claims made are true.

The paragraph relating to "compounds," "imitations," and "blends" is important.

There is no question that California wines can be mixed with California wines and that California wines can be mixed with wines from other states under the head of "blends."

The law says that the term "blend" shall be construed to mean a mixture of like substances.

The galized and pomace wines will have to be marked or branded as "compound." The word "compound" will probably be construed to cover those wines which are made of part water, sugar, coloring, and flavoring matters.

Those so-called wines which are wholly or in part artificial and not the product of the grape must be branded "imitation."

Millions of new labels to conform to the Pure Food law will have to be printed.

#### DRESS GOODS

A full line of new dress goods just received, consisting of all the latest patterns of Gingham, Seersucker, Chambray, Toile du Nord, at G. H. Hotz's, near the post office.

## Monument Missing

Efforts are being made by men in the employ of the United States government to locate a lead monument established by the government in 1856, on Sonoma mountain. J. Pratt, of the United States Survey Corps, has been seeking for the lead monument and, although the exact spot where it should have been was located, the monument was nowhere to be found. It is understood that the government is making a research to determine the results of the recent earthquake, and to ascertain, if possible, if the topography of the country has been changed.

## Father Cleary Better

The many friends in this city of Rev. Father James Cleary of Petaluma, the beloved pastor of St. Vincent's church, will be very much pleased to learn that he is home again, and will now remain permanently. Father Cleary has been at St. Joseph's Hospital in San Francisco for weeks, and has wonderfully improved in health. He was able to walk around town and greet many of his old friends.

## SUNSET TELEPHONE CO.

The management of the Sunset Telephone Co. have determined to make several innovations in the system in this valley and will give to their subscribers reduced rates and many new conveniences that will add greatly to the efficiency and usefulness of the service.

Among the many attractive inducements offered are: day and night services; free switching to Shellville, Vineburg, Vineyards, McGills, Drawbridge, El Verano. There will also be free switching to Agua Caliente and Boyes Hot Springs in a few days when the line shall have been completed.

The company also makes a 15c rate to Glen Ellen for their subscribers. The residence rate is fixed at \$1.00 per month with all the above mentioned privileges.

To the farmers, the extremely low rate of \$1.00 per year is charged provided they build the lines to the city limits, the company charging \$8.00 for the phone, excepting the receiver and transmitter for which the \$1.00 per year rate already referred to is charged. Each and every subscriber will be listed in the county directory.

Those desiring phones should apply to L. S. Simmons. Send in your order early—that you may get your phone without delay.

Miss Amelia Castagnasso will be day operator and Alfred Warriner will have charge of the night service.

## PURE BLOOD IS VITAL

Not everyone realizes the vital necessity of keeping the blood pure at all times. Impure blood not only causes various derangements and inability to perform one's work well, but gives a ready welcome to all germs of disease with which it comes in contact. It is the rankest extravagance to allow the human blood to remain in an impure or impoverished condition.

"Our Standard Remedy" is the safest, purest and best blood purifier on the market to-day. It is a new remedy, a purely vegetable preparation composed of roots, barks and herbs, and contains no calomel or other injurious or metallic drug. 204 doses for \$1, with a written guarantee that your money will be refunded if you are not cured of all troubles caused directly or indirectly by bad blood. You can purchase this wonderful new remedy at Clewe's. John McNeil, sole agent for Sonoma County, Ohm's Sulphur Springs, Sonoma.

## JUSTICE COURT NOW

On Tuesday last, two boys attending the Grammar school, engaged in a fist fight contrary to the rules of the school. As has been the custom from time immemorial, as everybody knows, the Principal administered the usual punishment for such infraction of the rules; in other words, both boys were strapped for the offense.

Mrs. Dal Poggetto, mother of one of the boys, on Wednesday swore to a complaint before Justice Small charging Principal Nolan with "maliciously and feloniously assaulting her boy with intent to do great bodily harm" because of the strapping by the Principal.

Constable Ryan arrested Mr. Nolan on Wednesday. He appeared before the Justice and through his attorney, Hon. F. Sprague, pleaded not guilty and asked for a jury trial. The case was set for Thursday afternoon at 4 o'clock.

T. J. Butts representing the Dist. Attorney, came down to prosecute the case but found upon his arrival that he has been deceived in the matter; in other words, he had been led to believe that he was to prosecute a misdemeanor charge and when he arrived saw by the complaint that Mr. Nolan was charged with a peccadillo offense. He forthwith refused to have anything to do with the case, those called to serve as jurymen were excused and the matter laid over until tomorrow morning at 9:30 o'clock when it is expected the Dist. Attorney will be here himself.

If Mr. Nolan were guilty of any offense it would only be a misdemeanor for punishing the boy too severely. The trustees of the school visited the two boys after they were punished but found nothing unusual in their appearance except a few red marks where the strap was used.

The right of the teacher to punish pupils for wrong doing is unquestioned, and whether or not the punishment was too severe remains to be proven.

## CHRISTIAN ENDEAVOR

At the half yearly business meeting held last Tuesday evening, the following officers were elected to office: President, Mrs. Lewis; vice president, Miss Humphreys; Secretary, Lester Small, Treasurer Mrs. Rowe. As chairman for the various committees the following were appointed: Social Committee, Miss Janet Munfrey; Look out committee, Mrs. Anyove; Flower committee, Miss Campbell; Prayer meeting, Mrs. Nolan. The new officers will be installed next Sunday evening in the M. E. Church at 7 o'clock.

## Official Statement

Inasmuch as irresponsible parties have, through evil motives, circulated the report that the Sonoma Grammar school is not up to the standard in efficiency, the following statement from Principal Montgomery, of the Sonoma Valley Union High school is given below in order that the unwary may not be deceived into believing the is, knowingly given forth with the intention of injuring the fair name of our school, to work out a private grudge:

"I find that the graduates of the Sonoma Grammar school for the past two years, attending the Sonoma Valley Union High school are well up to the standard in efficiency, and show careful training in the grammar school."

(Signed) DEWITT MCGOMERY

## GLEN ELLEN

Candidates for Judge and Constable in this township are looming up.

The second story of "Hotel Chauvet" is now underway. Carpenter White and Mason Hickney are rushing things.

The little son of Mr. and Mrs. J. W. Brand was taken suddenly ill last Monday with spasms, but we are glad to note is now much improved.

Glen Ellen can boast of more dogs to the square rod than any other town south of Santa Rosa, from wooly fies to a lazy poodle. Their lung capacity and fighting propensities are unequalled.

Dr. Rosenthal, of the German Hospital at San Francisco, and family are guests at "Wald Ruke" C. H. W. Bruening's place.

Our genial Conductor W. G. Corbaley was called to Berkeley last Wednesday on business. He left his duties to George Guldager who for the time being punched the ticket of the "passengaire."

The moonlight entertainment by the Ladies' Improvement Club August 31st, at the Mervyn Hotel grounds will no doubt be a very enjoyable affair. The ladies have the situation well in hand and all preliminaries have been attended to.

Miss Pearl Allen of Glen Ellen is now living in Oakland, where she has a position with the Southern Pacific Company as stenographer in Chief Engineer Hood's department. Miss Allen, who is an unusually pretty girl, is quite a favorite in the bay cities.

A party consisting of James Pieratt, James O'Rourke, Geo. O. Cobb and Jacob Friderger, returned home last Saturday after a three day hunt on Sonoma Mountain. This party did not return empty handed as is usually the case but were the proud slayers of a three pointed buck who succumbed to the careful aim of Jacob Friderger.

## MISS COULTER.

A petition is being circulated among the teachers throughout the county, asking that Miss Minnie Coulter be renominated for the office of Co. Supt. of Schools. The petition will be presented to the Democratic Convention which meets in the county seat Wednesday.

The idea is new in politics but is intended to show the gentlemen of the convention how the incumbent is regarded as an executive officer by those most capable of judging of her qualifications.

Miss Coulter was twice nominated by the Democratic party of this county and was elected both times by handsome majorities. The last time receiving probably 2000 Republican vote.

## Agua Caliente Springs

Notwithstanding the calamity of April 18th, which so seriously affected the attendance at the various resorts of the state, Agua Caliente Springs seems to have suffered the least. Old patrons as well as new could not resist the attractions and benefits of the famous Springs. Over 150 guests are registered there at present and many more have spoken for accommodations and will arrive in a few days.

Tuesday evening while two well-known Sonoma ladies were returning from the post office they were rudely separated by a ruffian rushing between them and endeavoring to snatch a purse from one of the ladies. In his anxiety to do a quick job the thief struck one of the ladies a terrific blow on the thigh. Both were so dumbfounded that they could not speak for some minutes and the bold thief made his escape in the darkness. He failed to secure that which he sought.

### 1 CENT

ALL IT WILL COST YOU  
to write for our big FREE BICYCLE catalogue showing the most complete line of high-grade BICYCLES, TRIGS and HUNDREDS of ACCESSORIES. We will send you a complete catalogue of our new and latest models, and learn of our remarkable LOW PRICES and wonderful new offers made possible by selling from factory direct to you with no middlemen's profits.

WE SHIP ON APPROVAL, without a cent deposit. Pay the freight and allow 10 days free trial and make other liberal terms which no other house in the world will do. You will learn everything and get much valuable information by simply writing us a postal.

We need a *Rider's Agent* in every town and can offer an opportunity to make money to suitable young men who apply at once.

### \$8.50 PUNCTURE-PROOF TIRES ONLY \$4.80

Regular Price \$9.50 per pair.  
To introduce we will sell you a Sample Pair for only \$4.80 (CASH WITH ORDER \$4.80). NO MORE TROUBLE FROM PUNCTURES.

Result of 15 years experience in tire making. No danger from THORNS, CACTUS, PINS, NAILS, TACKS or GLASS. Serious punctures, like intentional knife cuts, can be vulcanized like any other tire.

Two hundred thousand pairs now in actual use. Over twenty-five thousand pairs sold last year.

**DESCRIPTION:** Made in all sizes. It is lively and easy riding, very durable and lined inside with a special quality of rubber, which never becomes porous and which closes up small punctures without allowing the air to escape. We have hundreds of letters from satisfied customers stating that their tires have only been pumped up once or twice in a whole season. They weigh no more than an ordinary tire, the puncture resisting qualities being given by several layers of thin, specially prepared fabric on the tread. This "Hollow Back" tread is commonly felt when riding on asphalt or soft roads is overcome by the patent "Basket Weave" tread which prevents all air from being squeezed out between the tire and the road thus overcoming all action. The regular price of these tires is \$8.50 per pair, but for advertising purposes we are making a special factory price to the rider of only \$4.80 per pair. All orders shipped same day letter is received. We ship C.O.D. on approval. You do not pay a cent until you have examined and found them exactly as represented.

We will allow a cash discount of 5 per cent (thereby making the price \$4.56 per pair) if you send paid cash with order and enclose this advertisement. We will also send one nickel puncture closer to be used in case of intentional knife cuts or heavy gashes. Tires to be returned at OUR expense if for any reason they are not satisfactory on examination.

We are perfectly reliable and money sent to us is as safe as in a bank. Ask your Postmaster, Banker, Express or Freight Agent or the Editor of this paper about us. If you order a pair of new tires you will find that they will ride easier, run faster, wear better, last longer and look newer than any tire you have ever used or seen at any price. We know that you will be so well pleased that when you want a better tire you will give us your order. We want you to send us a small trial order at once, hence this remarkable tire offer.

**COASTER-BRAKES:** Built on wheels, saddles, pedals, parts and repairs, and all usual prices charged by dealers and repair men. Write for our big BUNNY catalogue.

**DO NOT WAIT** bicycle or a pair of tires from anyone until you know the new and wonderful offers we are making. It only costs a postal to learn everything. Write NOW.

### LITTLE LADIES FIRST.

That is the Way It Always Is In This  
Spelling Class.

In spelling class at school, you know,  
I'm always number two,  
And Dotty's always number one,  
No matter what I do.

Sometimes I miss a word, although  
I try with all my might,  
And Dotty--she is number one  
Because she spells it right.

THE CLASS.  
And if she chance to miss a word,  
Why, I declare, I do!  
And so she stays the number one,  
And I stay number two.

Mamma says, "Little ladies first  
Should ever be the rule."  
And that's the way it always is  
In spelling class at school.  
--Helen S. Daily in Exchange  
Magazine.

The first half of this word is French,  
"growth" or "life." The second half is  
a little uncertain, but may be con-  
sidered to be probably ninth, "daring."  
It was the Spanish Gosh who gave it  
its earliest vogue in the peninsula as  
Fernando or Fernan. San Fernando  
king of Castile, sent it on to Arago  
and thence to Naples, where it became  
Ferdinando and figures in "The Tem-  
pest" accordingly as Ferdinand. While  
Ferdinand and Isabella its fame grew  
worldwide. Again, in Spain itself it  
became Hernando and Hernan, in  
which last shape it was immortalized  
by Cortes. Who would have suspected  
the conqueror of Mexico of bearing a  
name which on analysis turns out to be  
pure Anglo-Saxon? -- Longman's  
Magazine.

Losing a Couple of Anchors.

"It makes me weary," said the skip-  
per of a clipper ship just in from South  
America, "to buy a newspaper just  
after I have landed and read that my  
vessel suffered no loss from the storm  
except shipping a couple of anchors.  
How many persons who read that  
know that ships' anchors are sold by  
the pound and that each pound costs  
from 5 to 7 cents? I carried two  
5,000 pound anchors and the loss of  
them means that I am out \$3000. That  
wipes the profit of a voyage in double  
quick time, doesn't it? Some folks talk  
about ship anchors as though they  
didn't cost more than marlinspikes." --  
New York Press.

A Blemish.

Mrs. Newrich (in art store)--I'd take  
this picture, but some person has been  
scribbling on it. Salesman--But, mad-  
am, that is the artist's signature. Mrs.  
Newrich--Well, he's got his nerve.  
Bill, I guess you could scratch it out,  
couldn't you?--Puck.

Voices.

All long known effects, even a  
mere window fastening or a particular  
door latch, have sounds which are a  
sort of recognized voice to us--a voice  
that will thrill and awaken when it  
has been used to touch deep lying  
fibers.

Not Compulsory.

"Tell me, colonel," asked the begin-  
ner in politics, addressing the gray  
haired statesman, "can a politician be  
honest?"  
"I suppose so, my boy," replied the  
veteran, "but--ah!--it isn't necessary."  
--Collier's Weekly.

He Was.

Miss De Melr--Were you ever hyp-  
notized, Mr. Hector? Hector--Yes,  
I'm married.--Illustrated Bits.

How She Knew.

Mr. McSosh--What was it that made  
you think I'd been drinking last night?  
Mrs. McSosh--Oh, I don't know. I sup-  
pose the fact that you were fearfully  
drunk had as much to do with it as  
anything.--Cleveland Leader.

Advancing.

"Is your daughter going to make her  
debut this season, Mrs. Parvenue?"  
"No, indeed! Mme. Pakin attends  
to all that. We don't have to do our  
own sewing no more."--Baltimore  
American.

She Saw a Scowl Then.

Minnie--I never noticed before that  
this mirror had a wrinkle in it. Ma-  
mie--I thought you were able to see  
wrinkles in any mirror you looked into.  
Salt is like good humor--almost ev-  
erything is better for a pinch of it.

### Hopes to Avoid Suit

Frank Wood, of Fulton, called  
upon the Board of Supervisors on  
Monday in reference to the recent  
accident near Mt. Olivet, when his  
team and wagon went through the  
bridge in which one animal was  
killed outright, the other three  
injured, the driver hurt, and the  
wagon damaged. Mr. Wood  
thinks he is justly entitled to an  
award of damages, as it claimed  
that the structure was unsafe. He  
told the Board that he hopes the  
matter could be settled amicably,  
and that there would be no law  
suit. If no action was taken by the  
board he said he would be com-  
pelled to seek legal redress. The  
matter will be discussed by the  
board and they promised to ac-  
quaint Mr. Wood with their de-  
cision.

All articles left at Mrs. Lutgens  
for repairs will receive prompt at-  
tention by Daunt.
